

FORWARD *in* ADVANCING THE GOSPEL

2024

Annual Report

➔ Reflecting on 2024: A Year of Transformation for MedSend

As I look back on 2024, I am struck by how transformative this year has been for the ministry of MedSend. Reflecting on the past 32 years, I see them as preparation for the journey that lies ahead. MedSend holds a unique position within global healthcare missions, partnering with nearly every organization that supports healthcare missionaries from the West. This vantage point allows us to see beyond organizational boundaries and witness the remarkable work God is doing around the world.

What we see is nothing short of a powerful movement of God, gathering a harvest among the nations. Through the compassion expressed in healthcare, doors are opened to share the transformative Good News: there is a God who loves and cares deeply for every individual. This message changes lives, opening hearts and minds to the reality of God's love and care.

We are witnessing the fruits of over 150 years of sacrifice, commitment, and focus to bring Christ's love to the world. Healthcare has become the leading edge of access to some of the hardest-to-reach places on earth, bringing healing and hope where it is needed most.

MedSend is uniquely equipped to work with both American and national healthcare professionals to carry the Good News into a hurting and broken world. As you review this annual report, I hope you will agree that we are living in an age where the Holy Spirit is actively at work. The harvest is ready, and so are the workers! Together, we have the privilege and responsibility to provide the resources needed to get the job done. The finish line is becoming clear, and we are blessed to play a part in this extraordinary mission.

Rick Allen

Our Mission: ➔

In partnership with key Christian ministries, our mission is to strategically fund qualified healthcare professionals to serve the physical and spiritual needs of people around the world.

➔ Your Giving and how it is making a global impact

“[My wife and I] don’t give; we invest. And we ask the people that we’re investing in, like MedSend, to agree with us on milestones that we can achieve together. And I would tell you—and we’ve given to many, many [worthy organizations]—none has been a better payback than MedSend. It’s just been wonderful.”

—Jerre Stead, MedSend donor

As you read this report and see the impact your giving made this past year, my prayer is that you feel blessed. Proverbs 22:9 tells us that “a generous person will be blessed, for he shares...” This year you blessed the nations with your financial support. MedSend supported healthcare workers and national scholars served in 58 countries representing over 1 billion in underserved/unreached areas. Many of these areas can only be accessed through the provision of healthcare. I want to thank all of our supporters for your generosity and for partnering with MedSend to make it possible to report that over 18,000 decisions for Christ were reported by those serving.

Thank you for “storing up treasures” in heaven. Matthew 6:20

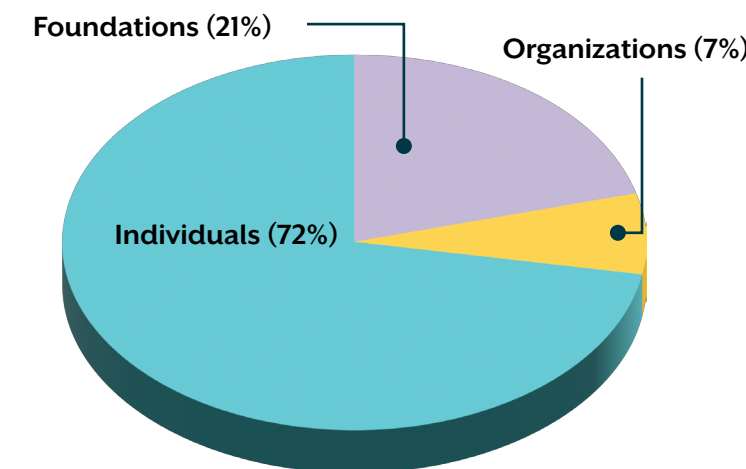

“For where your treasure is, there your heart will be also.” Matthew 6:21

Morgan Boardman,
Chief Development Officer
